

VESSEL DETAILS

WEOTT II stands out as one of our most versatile vessels, featuring a double-floor interior that will be thoughtfully adorned with our 2025 festive theme. As you step on board, your team will be captivated not only by the splendid views visible through the expansive ground floor windows but also by the enchanting Christmas decorations that greet you.

The main heated indoor floor offers ample space for a grand seated dinner setup. However, if you prefer a more relaxed atmosphere, we can seamlessly remove tables and rearrange chairs to suit your event's needs. The lower deck, transformed into a dancefloor, is equipped with high-spec amenities, including a DJ booth and a complete sound and lighting system.

WEOTT II boasts a generously sized outdoor deck, spanning the entire roof of the vessel. Here, the space comes alive with the warm glow of fairy lights and lanterns, complemented by comfortable outdoor chairs and cosy blankets. This ensures your guests can comfortably enjoy the surroundings, even during the winter season.

If you're in search of an exceptional venue for your Christmas event this year, your quest ends here.
